## WHO IS TIFFANY?

Tiffany had a successful 20+ year career as a model, actress and TV host, but was searching for more meaning in her life. After overcoming several traumatic experiences to find her way back to being whole, healthy and confident, Tiff grew a deep desire to help other women do the same. Pair that desire with her passion for working on-camera and *SanctuaryOfStyle* was born! On the SOS YouTube Channel, Tiff 'keeps it real' with her spitfire attitude giving women the kick-in-the-butt motivation they need to stop the negativity and move toward living a more confident life. Tiff's social media "Thrive Tribe" and "CrownUp" mantra has grown into a global movement inspiring women to live in their courage zone which ultimately leads to more confidence! When she's not in front of the camera, Tiff coaches women 1:1 and hosts workshops through her empowerment company, **The CoachingSanctuary™**. She and her hubby, Australian singer-songwriter Aaron Hendra share a passion for philanthropy and work with Sam Childers AKA Machinegun Preacher to build orphanages, schools and feeding programs in Uganda and S. Sudan. Tiffany is also actively involved in non-profit org's throughout DFW geared to the healing and rehabilitation of women. She's on the advisory board of Treasured Vessels Foundation helping to eradicate sex trafficking.
